Pow

No Casualties

Vice President Spiro T. Agnew and the governors of Virginia and Michigan met on the tennis court again during the National Governors Conference in Houston, Tex. No casualties were reported.

In May, at the Republican Governors Conference in White Sulphur Springs, W. Va., Govs. Linwood Holton of Virginia and William G. Millikin of Michigan met Agnew and his aide, C. D. Ward, for a hot doubles game in which Millikin took a hard Agnew return shot square in the ear.

There was at least one near-miss in the Houston rematch, however: The Vice President's third practice shot narrowly missed a Secret Service man standing on the sidelines.
